"Game Change"

"Maritime Cyprus 2015"

The "Maritime Cyprus 2015" Conference was held with great success from the 13th – 16th September in Limassol, Cyprus.

More than 800 distinguished participants, from across the globe, attended the Conference, establishing it as one of the most well respected and popular shipping conferences worldwide.

The topics of the discussions were most interesting focusing on "Politics & Economics", "The New Shipping Environment", "The New World Order" and "Challenging the Leadership Process", the latter being addressed to the younger executives attending the meeting.

The very well selected spokespersons and panellists expressed their views on the given topics, exchanged thoughts and opinions, and answered to the questions of the public, while all those attending were given the opportunity to meet with old friends , make new friends, do some networking, discuss some business, have a drink or two and enjoy the seaside and the lovely Cyprus weather.

The main theme of the Conference was **Shipping: Game Change**.

It is admittedly true that the Game will always Change in an unpredictable manner but those who truly love the Game learn to adjust to the new rules and always look forward to better and better days.
